| of using the gym, tal have 2 small children I would also like to s Officer's Club. Othe There should also be | so many husbands deployed, the Officer's Club should offer child care to allow spouses with small children the availat ining a fitness class, or swimming some laps. My husband will be deploying in JuneI live on post and love to work out and will be joining a gym off post primarily for the child care offered. Be MWR put in several baby pools around post. Baby pools are needed for smaller children and there should be on at locations on post would benefit from a baby pool as well. More 2 and 3 day programs for children ages 2-4. There is a program here on post (Benning Buddies)for 2-3 year otherribleThe program should be expanded to include more classes in order to accomodate needs. | t. I |

Expairing it allows me to stretch my income and have a better quality of life. Nice well-made functional, useful furniture, and comfort in my life. It also is a good way to wind down, a good hobby. It also is a good way to wind down, a good hobby. It have a lot of ideas that need an outlet. A well stocked woodworking shop like the New Yankee workshop (a public TV bodworking host has a shop equipped with many tools) with all its equipment, routers and furniture plans would be deed to the things and would like that I could do that where they have equipment on base. I planned to make a platform bed ded 14 inches from the floor, sew a bedskirt and use all that space under the bed to store things. It is a great space saver. I we a way of getting anyone to help me weld or rivet so I can weld the part under my bed the way I want it. From what I we easy, but I just need a welder, some guidance and to know where to get the scrap metal that is ammenable to welding. |
| Thank you for listenin | g. I hope filling this out will make a difference. I look forward to seeing that woodshop open ;) |
